

# Montessori Study Centre

## Why study for the AMI 3-6 Diploma?

*It is at the first Association Montessori Internationale (AMI) training centre in Nigeria. AMI is the body Dr Maria Montessori established to protect the legacy of her work.*

*It is a proven method of supporting the natural development in children. First Montessori environment was established in 1907, over 110 years ago.*

*This course will be delivered by American AMI trainer, Nia Seale, who has a lot of hands-on experience as a guide in Montessori environments and also as a trainer of adults.*

*Delivered on a modular basis to accommodate your busy schedule.*

*Qualities it nurtures in children include – critical and logical thinking skills, self-confidence, creative ability, social and moral responsibility, lifelong love for learning and prepares the child for life in the 21<sup>st</sup> Century.*

*You can set up and effectively run a Montessori environment upon completion of this course.\* This is a route to financial independence and becoming self-employed.*

*This course would cost you not less than N4m if taken outside Nigeria – You would pay for tuition, flights, accommodation, living expenses, local transport.*

*This Diploma opens the doors to working in schools in other parts of the world. In the USA, there are at least 4,000 Montessori schools and about 7,000 worldwide.*

*You can use the philosophy in bringing up your own children.*

*Famous Montessorians include the founder of Amazon, Jeff Bezos, Google founders - Larry Page and Sergey Brin, former owner and editor of the Washington Post – Katherine Graham, World War 2 Diarist – Anne Frank, to mention a few.*

*You do not need to pay all at once. Payment plan available.*

\*Note that you would need to be aware of State Government regulations that need to be in place in conjunction with your Montessori qualification.
